The bill which is now a law, provides that in returning moneys on band for taxation, the average amount held during the year shall be reported and not the amount on band at the close of the fiscal year in April, as heretofore. The measure originated with Senator HALL, o

[Communicated.] WEESTER TOWNSHIP, April 7, 1858. EDITOR JOURNAL: Thinking that you would like to know, how the friends of the " white man" prospered in this section of the county, I thought best to inform you, and what I have to say is this, that I think their prospects are not so flattering as about six months ago. At the State election last Fall, the white man's government party jail in Cass County, Michigan, about 18 months polled forty-three votes, if I recollect right, and at told, for Judge of Common Pleas, and 22 votes on township tickets. This seems strange, or may be to some, but it will all be made clear when I inform you that there has been a sort of Union Revival in this place, of late, which has revived the lukewarm, and reclaimed some blocksliders, and strengthened the members of the Union party generally, which if continued until the next election, such men as profess to cling to the coat extremity of Andrew Johnson for salvation, will be remarkably scattering. If there ever was a time when the friends of ing. If there ever was a time when the friends of the Union should labor, it is now.
